

## MEET ANGELINA DIANA

It is clear to anyone who meets psychic medium Angelina Diana for the first time that she is motivated to work towards the greater good of the world as well as dedicated to the work of healing through mediumship.

Born the oldest of five children, the nurturing and loving guidance of her mother did not include any reference to other spiritual realms besides their religion. Yet, her grandmother was not secretive about her intuitiveness, and regularly engaged the open use of Tarot Cards.

Working as a radio newscaster, an assignment in exploring the legitimacy of psychic mediums lead Angelina to discover her own heritage. Fight it as she did, Angelina was being brought down a pathway that would force her to leave her journalistic career behind, and replace it with something even she had a hard time explaining at first.

In her pursuit of developing her abilities of communication with the other side, Angelina continues her study of the metaphysical, opting to learn from highly developed mediums abroad, such as Robert Brown. "It is very important that I continue to do this work without interference of my own ego," says Ms. Diana, "and so my mentors must be of that same philosophy. The biggest challenge to all mediums who seek to excel in their work towards the greater good is the ability to operate without ego, and to continue to learn, learn, learn as much as you can about mediumship."

Today, Angelina not only accepts her ability, but donates her time to many charities, including ***Forever Family Foundation***, where she volunteers on several committees and holds the title of Afterlife Discussion Group Facilitator Trainer, requiring her to now squeeze traveling into her already busy schedule.

Angelina may be reached for matters pertaining to the foundation at 631-425-7707, or professionally at 860-272-0181 and her website at [www.angelinadiana.com](http://www.angelinadiana.com).

*Angelina has been an active and proud volunteer of Forever Family Foundation for almost two years and has achieved recognition as a Forever Family Foundation Certified Medium.*
