

MEET ROBERT E. HANSEN

Robert E Hansen is an original member of *Forever Family Foundation's Medium Advisory Board*, where he has been demonstrating his gifts and providing guidance since the foundation's inception.

His path to becoming one of today's most evidential mediums is different from many of his colleagues. Although intuitive as a child, Robert's gift of spirit communication did not manifest until he was in his forties. After a life altering experience with a Spirit Guide, his abilities to communicate with spirit came about with terrific intensity; a clarity that not only amazed and comforted others, but was a shock to Robert himself.

His background is rich with experience in Eastern philosophies and the martial arts, a path that included four pilgrimages to Japan. He has earned many degrees in his lifetime, including a 7th Degree Black Belt in Ju Jitsu and membership in the Martial Arts Hall of Fame. His background as an elementary education teacher has also served him well in his quest to educate and help others. Through martial arts, he has worked extensively with physically-challenged youth.

His *Love Never Ends* seminars have become a popular Long Island meeting place for those looking to connect to their loved ones who are no longer in the physical. In addition to providing public demonstrations, workshops and seminars, he continues to make himself available for private sessions at his East/West Center, 3888 Merrick Road, Seaford, N.Y. 11783, and can be reached at 516-868-7778 or via his website www.robortehansen.com
