

# MEET DOREEN MOLLOY

Doreen Molloy is a psychic medium with two decades of experience in communication with discarnate entities. In addition to her role as a medium, Doreen provides services as a lecturer, spiritual life coach, grief counselor and business advisor. She is also the author of *Proof Positive*, which examines life, death, and our connections to the spirit world.

Doreen has been working as a lab certified medium with the *Veritas Research Program at the University of Arizona*, as well as holding certification from **Forever Family Foundation**. She is a frequent guest on many radio shows, including her archived featured guest appearance on **Signs of Life Radio**.

Doreen urges and teaches others to connect with their own spiritual guides, and believes that such exploration is vital as we search for the meaning of our lives. In addition to her lectures and group demonstrations, Doreen is also available for private readings. She has graciously donated her time to **Forever Family Foundation** for the annual **Holidays Past** event, which will be held on December 15, 2007 at the Huntington Hilton in New York. This will be a rare opportunity for attendees to witness a demonstration of mediumship by two extraordinary mediums, as Doreen will be joined by medium Lynn LeClere.
