

## ***MEET Laura Lynne Jackson***

Not unlike many of her colleagues, psychic medium Laura Lynne Jackson developed the ability to perceive spirit information while she was a child. Although some mediums report that someone else in their family also had this ability, Laura Lynne reports that both her mother and grandmother were gifted in the same way. This was important to Laura Lynne's psychic development, as she was encouraged to hone her skills rather than becoming frightened of what she was experiencing.

Although Laura Lynne has many diversified interests, she firmly believes that using her mediumship to help others is one of the main purposes of her physical existence. During professional readings, in addition to relaying information from loved ones on the other side, she often receives information about a sitter's past, present, and future. Laura Lynne will be the first to tell you that one of the "perks" of being a medium is being able to absorb knowledge that those in spirit convey. She has learned much about love, and believes that the emotion of love offers a bond that serves as a conduit between those in the physical and in spirit.

Laura Lynne is a certified medium of ***Forever Family Foundation*** and has demonstrated her extraordinary abilities several times for foundation members in public demonstrations. The combination of being extremely evidential and exhibiting true compassion makes Laura Lynne a much sought after psychic medium. Most of her readings are conducted via the telephone in private readings, although she also arranges group sessions.

She can be reached via email at [Lynneclair@hotmail.com](mailto:Lynneclair@hotmail.com) or through a visit to her website, [www.lauralynnejackson.com](http://www.lauralynnejackson.com). Laura Lynne Jackson is one of the featured mediums who will conduct spirit communication at the ***Forever Family Foundation*** annual conference fundraiser, ***Mediumship: Talking The Talk***, on November 8 in Woodbury, New York.
